Dear Sir:

**I. PETITION FOR WITHDRAWAL OF HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE NOTICE OF MISSING PARTS**

On July 7, 2003, your Petitioner received a Notice of Abandonment under 37 CFR 1.53(f) or (g) ("Notice of Abandonment"). The Notice of Abandonment asserted that the above-mentioned application (hereinafter "the '293 application") was deemed "abandoned for failure to timely or properly reply to the Notice to File Missing Parts (Notice) mailed on June 11, 2001. However, your Petitioner never received the Notice to File Missing Parts mentioned in the Notice of Abandonment. Since your Petitioner never received the original Notice of Missing Parts, your Petitioner requests that the holding of abandonment be withdrawn. MPEP § 711.03(c).

As mentioned in MPEP § 711.03(c), "an allegation that an Office Action was not received may be considered as a petition for the withdrawal of the holding of abandonment. If the allegation is adequately supported, the petition may be granted and a new Office action mailed." This section equally applies to the non-receipt of a Notice of Allowance as held in the case Delger, Inc. v. Schuyler, 172 USPQ 513 (D.D.C. 1971). While a Notice of Missing Parts is not an Office Action or a Notice of Allowance per se, it is an official paper sent by the U.S. Patent Office that requires a timely reply from the Applicant in order to

avoid abandonment of the application. Accordingly, your Petitioner believes that MPEP § 711.03(c) equally applies to the non-receipt of a Notice of Missing Parts. Based on this belief, your Petitioner petitions that the holding of abandonment of the '293 application be withdrawn for the reasons set forth below.

A review of certain events occurring on or after July 7, 2003 reveals that your Petitioner never received the Notice of Missing Parts for the '293 application. In particular, after receiving the Notice of Abandonment, the undersigned searched his firm's files regarding the '293 application and did not find the Notice of Missing Parts.

In addition, on or after July 7, 2003 the undersigned searched and reviewed the docket record of his firm regarding papers received from the U.S. Patent Office regarding the '293 application. That search showed that the Notice of Missing Parts was not received by the undersigned's firm. For example, the search revealed that the daily, manually entered log of the undersigned's firm did not contain an entry for August 11, 2001¹ for client matter 56/350 (see Exhibit A), which is the client matter for the '293 application².

¹ August 11, 2001 is the initial due date for the Notice of Missing parts mailed on June 11, 2001.

² Note that the log identified as Exhibit A has been redacted so as to delete references to the identity of litigation matters, the identity of inventors and attorneys and comments not related to receipt of papers from the U.S. Patent Office.

Furthermore, the search revealed that the undersigned's firm's patent database failed to show an entry indicating that the Notice of Missing Parts had been received (see Exhibit B)³.

Based on the review of the files regarding the '293 application, the log (Exhibit A) and the patent database (Exhibit B), the evidence shows that the Notice of Missing Parts was never received by your Petitioner. Accordingly, the present Petition for Withdrawal of Holding of Abandonment should be granted.

II. ALTERNATIVE PETITION UNDER 37 C.F.R. § 1.137(b)

Should the above Petition for Withdrawal of Holding of Abandonment not be granted, your Petitioner requests that, in the alternative, the present Petition be treated as being based upon 37 C.F.R. § 1.137(b) for unintentional abandonment. Accordingly, your Petitioner hereby declares that the abandonment of the above-mentioned application was unintentional on his part. In addition, your Petitioner declares that the entire delay in filing a response to the Notice of Missing Parts from its due date of August 11, 2001 to the date of the filing of a grantable Petition under 37 C.F.R. § 1.137(b) was unintentional.

There is evidence that the abandonment was unintentional. As mentioned above, your Petitioner never received the Notice of Abandonment. This is conclusive evidence that

³ Note that the entry "US-INCOMPLETE APPLICATION/MISSING PARTS NOTICE" at the top of page 2 is a reminder that the Notice of Missing Parts was not received.

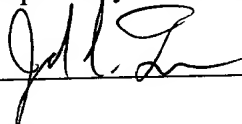

there was no intent to abandon the above-mentioned application.

Based on the facts above, your Petitioner submits that he has shown that the abandonment of the above-mentioned application was unintentional. Therefore, your Petitioner respectfully petitions the Commissioner to revive the above-mentioned application. Your Petitioner is including: (1) the petition fee of \$1,300.00 as required under 37 C.F.R. § 1.17(m), (2) a copy of a Declaration and Power of Attorney for the '293 application, and (3) a check for \$ 894.00 to cover the payment of the filing fee of \$ 710.00, the extra claim fee of \$ 54.00 for three additional claims and the surcharge of \$130 as required under 37 C.F.R. § 1.137(b)(1)⁴. Items (2) and (3) are being filed in response to the Notice of Missing Parts. Should there be other items that need to be filed in response to the Notice of Missing Parts, your Petitioner requests that the items be identified and additional time to supply the items since your Petitioner does not have a copy of the Notice of Missing Parts. Your Petitioner also requests a copy of the Notice of Missing Parts be supplied so that the file of the Petitioner's '293 application can be updated. The undersigned requests that his firm's deposit account no. 23-1925 be charged for any deficiencies in the above fees.

⁴ The check for \$894.00 reflects the filing fees and surcharge due as of August 11, 2001, the initial due date for the Notice of Missing parts mailed on June 11, 2001. No Petition for an Extension of Time is being filed at this time since no Notice of Missing Parts was ever received. If such a Petition is required, then the undersigned petitions for the extension of time and authorizes payment of the extension fee from his firm's deposit account no. 23-1925.

Furthermore, the facts submitted previously show that the Notice of Missing Parts was never received by your Petitioner. Accordingly, your Petitioner requests that the Petition fee under 37 C.F.R. § 1.17(m) and any other fees incurred due to the failure to receive the Notice of Missing Parts be refunded to the Brinks Hofer firm, since the Brinks Hofer firm is not at fault in any way for the failure of the United States Postal Service to properly deliver the mail.

Respectfully submitted,

John C. Freeman
